Definitions

A **domestic end product** means:

- an unmanufactured end product which has been mined or produced in the U.S., or
- an end product manufactured in the U.S. if the cost of its components mined, produced and/or manufactured in the U.S. exceeds 50 percent of the cost of all its components.

A **domestic offer** means an offered price for a domestic end product, including transportation to destination.

A **foreign end product** means an end product other than a domestic end product.

A **foreign offer** means an offered price for a foreign end product, including transportation to destination and duty (whether or not a duty free entry certificate is issued).

Buy American Procedures - 3.4.G.1

Buy American Determinations

- This guideline does not apply to the purchase of commercial items as identified in 3.2.G when boilerplate SF-6432-CI is used.

Procurements from Canadian Suppliers - 3.4.G.1.b

All purchases from Canadian suppliers are exempt from the Act. Such procurements shall be treated like domestic end products. In most cases, the SCR shall negotiate directly with the Contractor and payment will be made in U.S. dollars. The Section I, Clause 3 - Price, should specify the currency.

General Agreements on Tariffs and Trade Agreements (GATT) - 3.4.G.1.c

Procurements from countries under the European Economic Community (EC) not exceeding \$190,000 for supplies and \$7,311,000 for construction are exempt from the Buy American Act.

The EC countries are Belgium, Denmark, Federal Republic of Germany, France, Greece, Ireland, Italy, Luxembourg, the Netherlands, Portugal, Spain, and the United Kingdom.

Under the North American Free Trade Agreements (NAFTA), procurements for Mexican end products valued at \$50,000 or less and \$6,500,000 for construction by NAFTA countries are exempt from the Buy American Act.

Domestic Item Preference Evaluations - 3.4.G.1.d

When evaluating offers of both domestic and foreign end products, preference is to be given to the domestic offer by adding a:

- 6 percent evaluation factor to the foreign offer, or
- 12 percent evaluation factor to the foreign offer if the low domestic quotation is from a small business or a labor surplus area concern.

Caution: Foreign offer must include all costs to SNL dock; e.g., import duties and transportation.

{PRIVATE}If after applying the appropriate evaluation factor...

Then...

award is made to the domestic Contractor, foreign offer (except GATT countries) is still low after application of the evaluation factor,

DOE approval is not required.

award is made to foreign Contractor.

Note: DOE approval is required prior to award if the procurement is a nonexempt item exceeding \$100,000. (\$190,000 for supplies and \$7,311,000 for construction on procurements under the EC trade agreement).

result is a tie,

award is made to the domestic Contractor.

- the purchase will be over \$250,000, and
- award is to be made based on the 12 percent factor, but would not be made if the 6 percent factor were used,

DOE approval is required.

Exception: DOE may approve the purchase of foreign end products which do not meet the 6 percent or 12 percent rule for reasons of public interest or the nonavailability of domestic end products in commercial quantities of a satisfactory quality.

DOE Approval - 3.4.G.1.e

The SCR shall send the PAS which shall include justification for the foreign buy to DOE/KAO,

Contracting Officer. Indicate that this is a Buy American Act approval request.

If a repetitive need for specific items of foreign origin is anticipated, the SCR may request that DOE issue blanket approval for a period not to exceed one year. The SCR should continue to review the domestic market, and if acceptable domestic supplies are found, the blanket DOE approval shall be deemed to have expired.

All justifications submitted to DOE for review shall contain a statement that the material/information being procured is either classified or unclassified. (See Policy and Guideline 5.4.)

Shipments from Foreign Location - 3.4.G.1.f

Where shipment of material is to be made from a foreign country, the SCR shall contact the Traffic Management Team as soon as possible after award of contract for consultation on the advisability of duty free status application. The SCR shall also contact the Traffic Management Team for correct routing and any other special shipping instructions. (Reference Clause E40 - Preference for U.S.- Flag Air Carriers and E41 - Preference for Privately Owned U.S.- Flag Commercial Vessels.)
